3 Nights

Add on Amazon

Day 1 to 10

Passengers opting for 'Add on Amazon' with the 'Discover South America' may please refer to the 'Discover South America' itinerary for day 1-10.

Day 11 Manaus

Today, we take a flight from Rio de Janeiro to Manaus. Upon arrival you will be transferred by boat to the lodge. Next, we spend about an hour at the Monkey Forest. Later, we take a trip by boat or motorized canoe, accompanied by a bilingual guide, to visit a native resident's house and learn more about the traditions and customs of local Amazonian natives. After this visit we may do some fishing. Then, you will be taken on night tour of the Amazon in paddle or motorized canoes. This is a great chance of spotting small alligators (or other night creatures). Alligators can be spotted because their eyes shine like small red lights. Once a small alligator is spotted in the guide's spotlight, he will try to catch it with his own bare hands and bring it into the canoe, and a brief explanation of their habitat follows. The alligator will then be safely released back into the river. However, during 'high water level' season (April - August) and on full moon evenings, it might be difficult to spot alligators. Overnight at the Amazon Eco Park Lodge or a similar. (B, L, D)

Day 12 Amazon Rainforest - Natural Hiking and Fishing Tour

Today, we go on a nature hiking tour in the Amazon Rainforest. This is the world's largest tropical rainforest, crisscrossed by thousands of rivers and famed for its biodiversity. During a 1-3 hour hike, the bilingual guide leads you through the forest and educates them about the local flora/fauna, how and where to find edible fruits and potable water, first aid, how to find their way around in the forest and much more. Later, we depart from the lodge in paddle or motorized canoes, accompanied by a guide and go on a non-professional Fishing Tour - fishing for piranhas and other species, depending on season. Overnight at the Amazon EcoPark Lodge or similar. (B, L, D)

Day 13 Meeting of the Waters

Today, we take a tour to view the fascinating 'Meeting of the Waters'. We depart from the lodge in the morning on board a regional double deck boat. The boat goes down the Negro River navigating along the shore of the City of Manaus, allowing passengers to view the Amazonas Theater, the Port of Manaus and the interesting aspects of the local life - such as the still houses. "Meeting of Waters" is the spectacular confluence between the dark waters of the Rio Negro River and the pale, sandy-colored water of the Rio Solimões Rivers (upper section of the Amazon) - after which they form the mighty Amazon River that runs all the way to the Atlantic Ocean. Initially, for about 12
